HH1037/00

Highlights

Compact design, natural fit

The "tip-of-the-nose" cushion is designed to sit below the bridge of your nose, making minimal contact with your face while creating a superior seal.
* Confirmation via the anthropometric database

Greater independence

Wisp's sleek design eliminates the need for a forehead pad, offering you a better field of vision.

Minimal design, superior seal

The design and headgear clips make it easier to use and clean.
