- Tubing inner diameter: 12.12 mm

### Part Number

- Micro-flexible 12 mm tubing: PR12

HH1455/00

## Highlights

### Smallest and lightest

The 12 mm micro-flexible tubing is the smallest and lightest tube Philips has ever designed. In a recent head-to-head trial, patients found that the DreamStation 12 mm micro-flexible tubing offered better flexibility, more comfort and greater ease of movement when compared to their standard tubing.\*\*
