HH1024/00

Highlights

Greater independence

Wisp's sleek design eliminates the need for a forehead pad, offering you a better field of vision.

Compact design, natural fit

The "tip-of-the-nose" cushion is designed to sit below the bridge of your nose, making minimal contact with your face while creating a superior seal.
* Confirmation via the anthropometric database

Minimal design, superior seal

The design and headgear clips make it easier to use and clean.

Magnetic clips

Contact your healthcare professional before you use this mask. Some medical devices may be affected by magnetic fields. The magnetic clips in this mask should be kept at least 50 mm (2 in.) away from any active medical device with special attention to implanted devices, such as pacemakers, defibrillators and cochlear implants. Read in-pack IFUs for more information.
