

PHILIPS

Adult Face Mask

SideStream

Designed for adults

Replace after 6 months

Use with SideStream Nebulisers

HH1474/00

Easy and reliable

The SideStream mask is used with SideStream high-efficiency nebulisers. This reusable mask is contoured to comfortably fit the face, and the adjustable elastic strap provides a snug fit. This adult mask must only be hand-washed.

Proven SideStream technology

- For specific use with SideStream nebulizers

Comfortable fit

- Contours to the face

Designed for comfort

- Helps reduce aerosol leaks around the eyes*

Highlights

Comfortable fit

The soft and flexible material, combined with an elastic strap helps to ensure a comfortable and snug fit.

Designed for comfort

The SideStream mask incorporates a vent design that directs medication away from the eyes.

Fast efficient drug delivery

Our SideStream uses diamond jet technology, providing consistent drug delivery, time after time.
