HH1413

## Adds to your comfort

### Insight Driven design

Parts of the Dream Family: designed to deliver your precise, preferred level of humidity, regardless of outside temperatures and humidity levels (while protecting against rainout)

**Keep the humidified air moist**

- Soothing warm air

# Highlights

## Enhance the comfort

When connected to the DreamStation humidifier, the tube can heat to keep humidified air moist while it travels through the hose and helps you sleep with enhanced comfort.
