

Radiation oncology education

Comprehensive Pinnacle³ product and clinical applications resources to support clinical excellence

Meaningful learning for enhanced patient care

Philips offers educational Pinnacle³ courses and resources that support clinical excellence, instill confidence, and enhance workflow and productivity. We share expert user knowledge and perspectives and provide tips and tricks to increase efficiency so that you can spend more time focusing on the needs of your patients.

- Learn to make the most of Pinnacle³ treatment planning in a clinical setting – to help streamline workflow and enhance patient care.
- Become proficient in Pinnacle³ applications and elevate problem-solving skills via real-world case studies.
- Discover how to reduce operational costs by reducing errors, exam times, and retakes.

Pinnacle³ Webinar Series

Philips conducts remote peer-to-peer webinar trainings designed for all users, both new and experienced, who want an overview and better understanding of Pinnacle³ and its applications. Past topics have included:

- Pinnacle³ Physics... The Basics
- IMRT vs. VMAT Planning
- Dynamic Planning
- Pinnacle³ Auto-Planning
- A Potpourri Collection of Pinnacle³ Knowledge
- Simplifying Commissioning Process in Pinnacle³
- Getting most of IMRT & SmartArc
- Contouring with Model Based Segmentation & Auto-Contouring with SPICE

These Pinnacle³ webinars, and many more, may be accessed through our **Philips Learning Connection** site:
